Subject: RE:drug lab requests

Hi Julie, Two things. 1) Dan can't make the DEA training for clandestine labs, so I don't think we will send anyone.

2) Do you know ,or can you find out if the Dept. has a policy for responding to inquests under the freedom of info act? I have a request from an inmate for the analytical data on 11 items. There is quite a lot of analytical information involved with each sample, with chemists notes, receipts, and 6-10 pages for each GC/MS. It is not a court order, but a request from the defendant. We supply copies of the data to the various DA's for no charge , but that's because they are being ordered by the Court to provide the defense the material. I could see if it were 3-5 pages, but I hate to spend the time required to dig out 70-80 pages of information, copy it, and mail it to those doing it by freedom of info act without us being reimbursed. If we have some policy on this, let me know. CBS

Chuck & Cam,

Can you give me a projection of who will work OT and approximately how many hours through the end of the fiscal year? Thanks.

Julie
